

## ALPINE ARNICA BATH & BODY OIL

---

This warm oil blends *Arnica*, traditionally used by herbalists to support muscle function, with camphorous *Rosemary*, *Basil* and *Bay Laurel* for deep relaxation and relief.

Wild-crafted from Alpine meadows, *Arnica* has been used since the 16th century to soothe muscle pain and bruising.

### KEY INGREDIENTS:

#### ***Arnica Flower Extract***

- Native to Europe, this extract contains *Helenalin*, the most active sesquiterpene lactone (chemical compound), which helps account for its ability to counteract inflammation.
- Studies show reduction in pain and stiffness in subjects with moderate osteoarthritis.<sup>1</sup>
- Germany's Commission E, the primary regulatory body for herbal medicine approves *Arnica* properties for topical use in cases of injury, hemotoma or edema due to fracture.

#### ***Bay Laurel Leaf Oil***

- This essential oil is steam distilled from *Bay Laurel Leaves* and has a sweet, fresh and spicy aroma.
- It is known for its antiseptic, astringent, and toning properties.
- Used to help stimulate circulation and relieve aches and pains.

#### ***Rosemary Leaf Oil***

- Rich in camphor, *Rosemary* stimulates blood flow to warm muscle tissue.
- Has antioxidant, astringent and stimulating properties.
- Studies have shown its ability to increase alertness and promote relaxation by lowering anxiety.<sup>2</sup>
